Captain Carly Montpeller, Health Care Administrator for 2 Field Ambulance, delivers hand-made "Izzy dolls" to girls in the Philippines, in the wake of Typhoon Haiyan. There is a local connection.

It was in Croatia, in the early 1990s, that Master Sergeant Corporal Mark "Izzy" Isfeld saw an image that was to haunt him: a doll, abandoned on a pile of rubble.

It made him think of all the children displaced by the war, and denied an opportunity to play - to just be kids. He sent a photo of the doll to his mother Carol, back in British Columbia, with the caption, "A doll has lost her little girl, and a little girl her doll."

Carol began to send back small crocheted dolls, that he and others on the UN Peacekeeping mission could hand out to the children they met.

Master Cpl. Isfeld was killed by a landmine in 1994 - but his mother and a growing network of volunteers continued to make the dolls, which

came to be known as "Izzy Dolls". Now, over 1.3 million children worldwide - wherever Canadian forces are deployed, in time of war or natural disaster - have received the gift of an Izzy Doll.

In Africa, the dolls, used as packing to protect medical supplies brought over by organizations like ICROSS Canada, are known as "Comfort Dolls" - and for some children dying of AIDS, are their only possession.

Most recently, over 3,000 Izzy Dolls were delivered to CFB Trenton,

Planning to Walk to School

Childhood obesity, healthy lifestyles, traffic congestion, school safety - Bradford West Gwillimbury's Active Transportation Committee has been looking into an initiative that could offer solutions to a number of issues.

It's the School Travel Planning Initiative, based on the "Active & Safe Routes to School Program" that identifies safe walking and cycling routes, and encourages kids to use "active transportation" to get to and from school.

The goal is to promote physical activity and a healthy lifestyle, and to involve the community. "There must be stakeholder involvement," Committee member Lorri Jackson told Council on Feb. 4 - bringing together school boards, Town planners and engineers, police, parents, students and school staff.

The Committee hopes to approach local schools, and choose one for a pilot project, to introduce School Travel Planning. The pilot will involve surveys, and "walk-abouts" with students and parents to identify routes and the improvements needed to ensure safety - but the benefits are many. Jackson said: increased physical activity, reduced reliance on cars, improved air quality, and a greater sense of community.

"There becomes an ownership of the community by the children and the parents, as they walk through the community," Jackson said.

The Committee was asking for Council's endorsement, before approaching schools with the program, and a variety of available "toolkits" and resources. Jackson noted it will be up to the schools to determine "what works for their

A gift

GIFT from Page 1 to be taken to the Philippines. In the wake of Typhoon Haiyan, and handed out to children.

There is a local connection - at least some of the dolls were crocheted locally, in Bradford West Gwillimbury, and it was Bradford resident Mike Comeau, retired UN Peacekeeper, who helped collect and deliver the dolls to CFB Trenton.

Comeau is involved in ICROSS (International Community for the Relief of Starvation and Suffering), and is the co-ordinator of the Izzy Doll program in Central Ontario.

5 key projects unlock Employment Lands

Now that the Town of Bradford West Gwillimbury has signed Early Payment Agreement #3 with the Town's residential developers, the clock is ticking for the development of the Hwy. 400 employment lands.

Under the agreement, the Residential Developers will up-front the capital costs of growth-related infrastructure, including the portion usually classified as "Benefit to Existing Ratepayers" and the non-residential (industrial/commercial/institutional) share of costs - but 12 years from the first payout, the Town has agreed to pay back the non-residential share.

It's a big hill - and the faster the Hwy. 400 lands can be marketed, the better for the municipality. On January 30, in a Special Meeting of Council, the Town's Director of Engineering presented details of the projects needed to deliver serviced land at the 400.

"What we're presenting tonight is really the main infrastructure we need to move forward with delivering services to the Employment lands," said Director Arup Mukherjee, identifying five key Capital Projects, valued at over \$100 million:

- **The South East Arterial Road (SEAR)** that will connect Bridge St. at Dissette, with Simcoe Rd.
- **Walker Ave. and 6th Line** watermain, sanitary sewer forcemain, and Green Valley Pumping Station.
- **Simcoe Rd.** urbanization, including a sewer forcemain, watermain, paving and sidewalks.
- **The South West Arterial Road (SWAR)**, including widening of both 10 Sideroad and Line 5 to 4 lanes, and a roundabout at 10 SR and the 6th Line. The SWAR actually consists of 7 Development Charge-supported projects, which

will be combined into one.

• **The Highway 400-4th Line Interchange**, including realignment of Coffey Road and 5 Sideroad, and installation of sanitary forcemain, watermain, sidewalks and multi-use trails.

The design process is already underway for two of the projects - Walker Ave.-6th Line, and the Hwy. 400 interchange. The others - the SEAR, SWAR and Simcoe Road - will be seeking Requests for Proposals for detailed design in 2014, and go to tender in 2015.

Mukherjee also gave Councillors an idea of just how much property will be needed, "to get those projects ready to go" - a total of 62 parcels, totalling 34 hectares.

Based on the completed Environmental Assessments, the SEAR could require up to 14 pieces of property, totalling 4 ha.; the SWAR will need just 31 pieces of property totalling 11 ha., and the 5th Line Interchange will need 17 properties totalling 19 ha. "We have some good news on this one," Mukherjee told Council - all of the land on the north side of the 5th Line at the interchange is owned by developer Bond Head Properties Inc., which is eager to move forward.

And, unlike the Dissette St.-8th Line widening, the majority of the 62 properties are not commercial or residential, but agricultural. Even so, the land acquisition process can be difficult, and holding up crucial projects, the Town is looking at proceeding with the underground servicing first, on its own Right-of-Ways, while land negotiations are ongoing, Mukherjee said. "We'll get the servicing in, (and) focus on getting the pipes from our employment lands to the water

HAPPY VALENTINE'S DAY to my HONEY!
 Hope you have a good one.
PLEASE NOTE: We will be CLOSED daily, enjoy the day with your family.

This recipe is from the January Alive magazine.
 It is a great Breakfast, with lots of protein to help up your metabolism. Instead of the traditional toast with peanut butter and jam, try this refreshing smoothie version.

PB&J ENERGY BOOST SMOOTHIE:
 Whirl all the ingredients together in a blender until evenly mixed, thinning with more milk if needed.

- 1 small banana, cut in chunks
- ¾ cup raspberries
- ½ cup 2% milk or soy milk
- 1 Tbsp. Natural peanut or almond butter
- 2 tsp. hempseeds
- 1 tsp. honey

NOTE: I used a frozen banana and frozen raspberries and found it to be very thick. Because I did not want to use more milk, I ate it as a frozen pudding and it was DELICIOUS.

One new study found that eating breakfast lowered the risk of heart disease by 27% in men, and another study concluded that men and women who ate breakfast every day had a reduced risk of metabolic conditions. The breakfast eater gained less weight over the course of 18 years.

What a small, simple change to start the New Year off right.

What about that Senate?

The Conservatives are proposing an elected Senate.

The NDP are calling for abolishment of what used to be called the House of "sober second thought", but more recently has been the focus of scandal.

Now, newly-fledged Liberal leader Justin Trudeau has proposed another option: the Senate would continue to be an appointed body, but not by the Prime Minister. Instead of the traditional political pay-back and partisanship, a supposedly independent non-partisan body would recommend appointments, "like Supreme Court Justices and

Order of Canada recipients."

There is a presumption of wisdom and experience, in comparing the appointments to the Supreme Court and Order of Canada - and it's an interesting suggestion. But is it enough? The Senate would still be an appointed body, making decisions in the political arena. Every-day Canadians would still have no say in its composition - or in the removal of those who misuse their power and privilege, and bend and twist the rules.

We're not convinced, but we have a suggestion of our own: Why not ask the People?

school and their parent groups,"and actually implement School Travel Planning.

Councillor James Leduc, who sits on the Committee, supported the initiative. "We thought it was a great opportunity, if we can move some cars away from the schools," he said, noting that the committee would be "the stewards, the parents of this... (to) hopefully grab the schools and hopefully get them involved."

Councillor Raj Sandhu asked for further details, including the number of volunteers needed to walk with children

on their way to school.

"That will be determined by the schools and parents themselves, said Committee member Chris Glover.

"The role is just to be a facilitator. Getting down to the nitty-gritty is up to the school board, it's up to the stakeholders."

Glover added, "There's no playbook, there's just a lot of ideas. We just want the schools to start having these discussions."

Council voted to endorse the concept of School Travel Planning. "Just planting that idea is a great initiative," said Mayor Doug White.

Collision in Innisfil results in charges

Around 7:30 a.m. on February 4, South Simcoe Police were called to a collision on Innes Rd. near Jean Rd.

A westbound Pontiac Grand Prix stopped for a school bus that was picking up children. A westbound Jeep Laredo failed to notice the activity ahead and rear-ended the stopped vehicle. The driver of the Pontiac, a

62 year old Innisfil man, was taken to hospital with minor injuries. The driver of the Jeep, a 43 year old Innisfil woman, was charged with Careless Driving, and Driving with Expired Plates.

Motorists are reminded to be cautious around school buses - and to stop when approaching a bus that has its lights flashing and stop arm extended.

Black History Month

February is Black History Month. Richmond Hill Central Library has a special program planned for Saturday, February 15 from 10:30 a.m. to noon. The story: James Mink ran a stage company between Toronto and Holland Landing in the 1840s and 1850s. His daughter, Mary Mink, married a white man who sold her into slavery in the United States. James signed a daring rescue to save his daughter. But did he? Learn the truth with Gwyneth Pettin. Admission is \$5. letters to the editor

Liberal proposal for a new Senate model

To the editor: Canadians want their leaders to come forward with practical solutions to our problems, and they have been clear that the Senate has become one of those problems. It is broken, and needs to be fixed.

"Through extreme patronage and partisanship, the Senate has become an institution that poorly serves the interests of Canadians. Canadians are especially disenchanted with the antiquated convention that sees Senators appointed by one person: the Prime Minister. The Senate is a public institution. It should not continue to be run like the Prime Minister's private club.

The Liberal Party has taken immediate action to address these challenges. From now on, our national caucus will only include elected Members of Parliament, not Senators. All of our Senators are now completely independent of the Liberal Party of Canada Caucus.

Furthermore, if I earn the privilege of serving Canadians as their Prime Minister, I will put in place an open, transparent and public process for appointing and confirming Senators. This process will be developed with experts and will be modelled after other non-partisan appointment processes, like Supreme Court Justices and Order of Canada recipients.

These changes take effect right away, without opening up the Constitution. They avoid a long, rancorous and likely pointless constitutional debate that would distract us from solving more important problems. I am calling on the Prime Minister to do the right thing and match this action. As the majority party in the Senate, he could achieve immediate and comprehensive change right away if he decided to.

Taken together, these steps represent the most significant and concrete actions to reform the Senate in its history. These proposals are

the next step to create real, positive change, but they will not be our last.

Justin Trudeau, Leader
of the Liberal Party of Canada

Original Carrot Mascot retires

To the editor: After 13 years I have notified the Town that I have decided to retire as "Gwilly." Part of the reason is that, when I see pictures of myself lately, I think that Gwilly is starting to look old - not a good image for a fresh vegetable!

With a new costume coming, I figured that this was an excellent opportunity to step aside and let somebody younger take over. I realize that I would be completely hidden in the new costume, and my age would not show, but personal contact and conversation is lost with that type of costume; you just walk around waving and high-fiving people. I would miss the warm and fuzzy feeling that I get with the existing Gwilly costume.

I sure am going to miss being Gwilly, though. It has been an exciting part of my life for a long time. Having that personal contact over the years was very heart-warming - like having my own personal fan club. But I guess it is true; all good things eventually do come to an end.

Matthews House Hospice provides a respectful alternative

Founder of Matthews House Hospice, Frank Taylor and volunteer Lynda Usher

came to Bradford West Gwillimbury Council on Feb. 4, for 2 reasons.

One was to present information on the Hospice which provides everything from day programs, in-home visits and bereavement counselling, to residential hospice services for those facing "life-limiting illness."

The other was to accept a donation of \$7,200 from Council.

Matthews House Hospice currently operates

two buildings - the Community Hospice on Hwy. 89, where volunteers and staff provide day programs and services; and a new 4-bed residential Hospice in Alliston's Kingsmere Village, which officially opened its doors in September 2013 and already has had 30 clients - and a waiting list.

"The theme is caring, sharing, and connecting" Usher told Councilors, explaining that Matthews House provides services to residents of Alliston, Beeton, Tottenham, Cookstown, Schomberg, and Bradford West Gwillimbury west of Hwy. 400.

Matthews House relies on donations and fundraising, and on volunteers, she said - and

charges nothing for the services it provides.

Asked who can access Hospice services, Taylor explained, "We get referrals from CCAC (Community Care Access Centres) for the residence as well as the programs, and from doctors, as well as self-referrals." The majority of those in the Residential Hospice are "people who just don't have the support at home that would keep them out of hospital," And hospital, he said, "is just not a place to die. It's a place to get better, get treated, and hopefully get cured" - but offers no dignity for those facing the end of life. "We need a better option."

Who should pay for recycling?

Municipal taxpayers?

Producers of paper and packaging?

Currently, municipal taxpayers pay 50% or more of Blue Box costs.

New legislation is being debated at Queen's Park that could greatly change recycling in Ontario. This new legislation would make the producers of paper and packaging fund up to 100% of Blue Box costs. This would provide considerable savings to the municipal taxpayer, and can create innovations as producers develop more easily recyclable packaging.

But this proposed legislation is in jeopardy.

Let your Member of Provincial Parliament know you support the proposed **Waste Reduction Act** and its savings to taxpayers.

Important Notice 2014 Property Tax Bills

The 2014 Interim property tax bills are being mailed out during the last week of January 2014. Tax bills were issued for each of the following tax classes; residential, multi-residential, commercial, industrial, pipeline, farm and managed forests. The due dates are the same for all tax classes; first instalment due **February 26, 2014** and second instalment due **April 28, 2014**. Please note these bills represent no more than 50% of the previous year's annualized taxes levied.

Please note that the tax bills were printed prior to the February 1, 2014 penalty and interest being charged and only reflect payments received up to January 28, 2014. Any arrears/past due amounts included on the first instalment stub of this tax billing will be subject to additional interest if not paid by January 31, 2014.

Owners of newly constructed homes may receive a tax bill for the value of the vacant lot only, until the home is assessed. Once the house is assessed, you will receive a supplementary/omitted tax bill for the taxes on the value of your home. This process may take up to 3 years and the taxes due will be retroactive to your date of occupancy. For an estimate of your annual taxes, multiply the purchase price of your home by the current tax rate (2013 tax rate was 0.01163646) or contact the Finance Department at 905-775-5303.

Failure to receive a tax bill does not excuse the property owner from the responsibility for payment, nor relieve him/her from liability of penalty for late payment.

Your new water and wastewater bill

The Town of Bradford West Gwillimbury would like to thank you for your patience as we take over meter reading, billing and customer service duties from PowerStream Inc.

Included in your new service will be improvements like greater billing accuracy, additional payment methods and more time to pay without interest. Implementing these changes has required extra time to get new software and systems in place for all 8,881 account holders, and we are pleased to now have these in place.

PENALTY-FREE PAYMENT PERIOD EXTENDED

To thank you for your patience, we are extending the penalty-free payment period for the first water and wastewater bill. We appreciate your efforts to pay your bill by the due date indicated; however, if that is not possible, penalties on overdue payments will not come into effect until after the payment due date of your second bill.

LENGTH OF FIRST BILLING PERIOD

The total owing on your first bill may appear higher than your usual two-month bill because it is for a three-month period. We are now resuming a two-month billing cycle and your next bill will reflect usage from January 1 to February 28, 2014.

Please note: The current bill reflects usage from October 1 to December 31, 2013 only. Please disregard any readings outside of that period that may appear on this bill – this is a formatting error that will be corrected in the next billing cycle.

PAYMENT OPTIONS

For more information on methods of payment please refer to reverse side of your bill.

eBill and ePay: To receive your utility bill by e-mail and/or to pay online, please go to www.townofbwg.com to create your eCommerce account. Click on the box below "I'd Like to..." and choose "Pay my water and wastewater bill" then select "Register for eCommerce" and follow the instructions. You will need account information from your bill in order to do this. Once this is complete you can choose if you would prefer to receive a paperless bill by e-mail, and you can also make payments online if you wish.

Many financial institutions allow you to pay your water and wastewater bill through their own online and telephone banking systems. If you are having difficulty registering your utility bill, please contact your financial institution directly for further information.

Please do not combine payment of your property taxes with payment of your utility bill, as they are processed differently by the banking system.

QUESTIONS? CONCERNS?

For inquiries regarding water/wastewater billing, please contact the billing department at 905-775-5303 ext.3108 or e-mail utilitybilling@townofbwg.com

Did you know that you can validate the meter reading on your bill by checking the head of the water meter in your home? For other questions regarding water meters and readings, please contact the water department at 905-775-2056 ext.2100

Council supports 2014 LSRCA budget

Gayle Wood, CEO of the Lake Simcoe Region Conservation Authority came to Bradford West Gwillimbury Council, February 4, to present the Authority's 2014 budget - and to ask for additional funding.

Wood noted that BWG is one of the LSRCA's 5 "significant" funding

partners, that make it possible preserve Lake Simcoe, reduce phosphorus inputs, and sustain a healthy environment.

Last year, BWG's share of the budget went to \$320,164 in "base funding". In 2014, the base funding request is \$345,504 - but Wood also asked for

an additional \$50,000 in "priority funding".

Approximately \$34,000 would be used to target growth-related issues. Wood noted that BWG's population grew 11.7% between 2001 and 2011, but "the general levy has not kept pace with the growth in the Town."

The other \$16,000 would be used to provide upgrades to transform the Education Centre at Scanlon Creek into a satellite office for the LSRCA.

Councillor Del Crake supported the request. "The Conservation Authority has not asked for any growth-related funding since 2010" even though the Town has added over 1,000 new homes, Crake said. "This Conservation Authority has worked, and is working, I use the word 'desperately', to make sure the lake is

being maintained."

"This is actually cheap insurance for us," said Councillor Gary Lamb. "Fifty thousand dollars isn't a big deal when you spread it over our tax base," when it goes to flood protection and preservation of Lake Simcoe.

In response to queries from Council, Wood explained, "We don't actually have a lot of power, per se" to force developers to embrace "low impact" measures. "We work by persuasion," she said, by pointing out that conservation can also save money.

Council unanimously approved the request for additional funding. Mayor Doug White noted, "We can accommodate this ask without impacting the budget we have already approved."

Have your say, on Scanlon Creek

Have you been to Scanlon Creek Conservation Area recently? If you have, the Lake Simcoe Region Conservation Authority may hear from you.

The LSRCA, Lake Simcoe Conservation Foundation, and Friends of Scanlon Creek have worked hard over the past 5 years on upgrades and enhancements at Scanlon Creek. The Children's Discovery Play Garden, the Scanlon Creek Park, restoration trails, returning the "pond" to natural habitat - but there's more to be done. The LSRCA wants to know if Scanlon Creek is meeting the needs of its users.

There is a new survey posted online at LSRCA.on.ca/PlanScanlon that invites visitors to provide their input, until March 31. A Workshop is also planned; contact Kate Lillie at k.lillie@lsrca.on.ca or 905-895-1281 ext. 527 for more information and to participate.

AgKnowledge Forum in Bond Head

An AgKnowledge Forum will take place Thursday, February 20 from 10 a.m. to 2:30 p.m. at The Club at Bond Head - a free session that provides information on key topics of interest to

the agricultural community. This year, the focus is on Water Use. Pre-register by contacting Robin Brown at robin@nottaunusaga.com or call 1-800-509-7554. Lunch is included.

World Cancer Day in Bradford

Bradford - World Cancer Day was February 4, and there may be no-one to whom the day is more significant than Bradford resident Suzy Garibaldi.

Garibaldi, 41, has lost her sister, her aunt, and her uncle to cancer, supported her sister-in-law through cancer treatment and recovery, and successfully battled the disease herself. Suzy was diagnosed with cervical cancer at the age of 36. Her son was 2 at the time; he is now 7, and proud to see his mom training and fundraising to participate

in The Shoppers Drug Mart Weekend to End Women's Cancers, benefiting the Campbell Family Cancer Research Institute at the Princess Margaret Cancer Centre in Toronto. She is participating in memory of her sister Niz, who lost the fight with stomach cancer. Garibaldi hopes to personally raise \$5,000 for the Weekend to End Women's Cancers; her team, Highlights, has set a goal of \$9,000. For more information, or to donate, visit www.endcancer.ca or call 416-875-9255.

BE MY VALENTINE!

February 14 is Valentine's Day. Named for a 3rd century Bishop of Terni, Valentinus - but based on a Roman celebration of the goddess Juno - Valentine's Day has always been a day for true love, gift-giving, and finding a soul-mate.

The earliest Valentine's Day card - if it wasn't the note sent by Saint Valentine of Rome to the daughter of his jailer, and signed "From your Valentine" - is believed to have been sent by Charles, Duke of Orleans to his wife, after the Battle of Agincourt in 1415. The Duke was imprisoned in the Tower of London at the time, and wrote a poem in which he calls his wife "My Valentine."

In the 18th and 19th Centuries, flowers, confectionery and greeting cards were the most common Valentine's Day gifts. During the Victorian era, cards, although mass-produced, became mini-works of art, embellished with lace, ribbons and tinsel.

Today, an estimated 180 million Valentines are exchanged - many of them eCards, which tends to take some of the romance out of the occasion. But there are always red roses to represent true love, chocolate - a known aphrodisiac, very special gifts, or an evening out, to show your Special Someone that you care.

Check into SST's London Suite

Every now and then, Cookstown's South Simcoe Theatre goes beyond the bounds of community theatre, and delivers a production that achieves a higher level of entertainment.

SST's production of Neil Simon's classic comedy, *London Suite*, offers one of those moments of exceptional theatre.

It's not just that it's nice to have an intelligently-written bit of adult theatre on stage - with mature situations and dialogue - especially at a time of year when winter's grey, grim days can become overwhelming. It's that this production also offers some outstanding performances, in the service of comedy.

London Suite is a collection of 4 vignettes that share the same setting - a suite in a "posh" London hotel.

Veteran director Candy Pryce has drawn great performances from Frank Kewin as Billy and John Gabriel as Brian, in *Settling Accounts* - even if Gabriel's Irish accent gets a little shaky at times; and particularly from Nancy Chapple Smoker and Baron Watson as the leads in "Diana & Sydney".

Sally Wente, in her directorial debut, delivers a strong segment, "Going Home" - with superb performances by Janet Lond Genyk as Mother, and Christine Murray as Lauren. The role reversal that can take place after a lengthy widowhood, and Mother's hilariously disastrous "first date" provided plenty of laugh-out-loud moments.

It was left to novice director Sandy Bishop to handle Simon's most slapstick segment, *The Man on The Floor* - but there's nothing wrong with a little silliness, in an evening of fun.

Funny, extreme, heart-wrenching, thought-provoking - Simon's *London Suite* is another winner, in South Simcoe Theatre's repertoire. On Stage at the Old Town Hall Theatre, 1 Hamilton St. in Cookstown, until February 16. Performances at 8 p.m. on Thurs., Fri. and Sat., and 2 p.m. on

Sun., \$18 per ticket. For details or to reserve, call the Box Office, 705-458-4432 or see www.southsimcoetheatre.com

Tupling Insurance shows its appreciation

Tupling Insurance Brokers operated by Insureit Group Inc. invited partners, customers and staff to an Appreciation Open House, January 30 - a celebration of the company's ongoing commitment to service, and continued growth since the Bradford office was taken over by new owners.

"We're obviously very excited for the opportunity to be part of this wonderful community," said Dave Palermo, President of The Insureit Group of Companies. "When we took over here a couple of years ago from the Tuplings, whom we have to thank for doing such a great job... it's just been explosive since we came on board."

Among those attending the Open House were staff, associates, customers, and Bradford West Gwillimbury Mayor Doug White. "It's my opportunity to say 'Thank You' to you. I'm enormously proud of the company, I'm proud of the name - more than 60 years in business," White said, promising "a bright future based on a solid past." Tupling Insurance Brokers was founded by Ken Tupling 62 years ago, and was operated by his son Scott Tupling until 2012. White noted that the retirement of the Tuplings has not

changed the commitment to service and quality, of Tupling Insurance Brokers - or its sense of community," Tupling Insurance is just as active in the Town as in the past."

Palermo demonstrated that commitment, by presenting a cheque for \$1,000 to MADD (Mothers Against Drunk Driving)-Canada, represented by South Simcoe Police Constable Rob Enwright.

"We really believe in having a full involvement in the community," Palermo said. "We want to be there, and we want to support Bradford and the surrounding community."

Tupling Insurance Brokers u/b Insureit Group Inc. is located at 198 Holland St. East in Bradford, and offers a full range of Personal (Home, Tenant, Auto, Motorcycle, Snowmobile, RV, ATV, Travel, Party Alcohol

Liability, etc.), Commercial, Life and Group Insurance products and services. For more information, see www.tuplinginsurance.com or call 905-775-3379.

Summer Company!

Nottawasaga Futures is looking for applications for **Summer Company**, a program that supports aspiring young entrepreneurs and helps them turn their ideas into a business.

Summer Company is open to all students between the ages of 15 and 29, who will be returning to school in the fall, and who have an idea for their own summer business.

The program not only provides funding of up to \$3,000 in seed money for their new summer business, but also provides hands-on business coaching and mentoring from local community business leaders.

Summer Company is designed and funded by the Ontario Ministry of Economic Development and Innovation, and administered by Nottawasaga Futures. Deadline for applications is May 23, 2014, but spaces are limited, and interested students are urged to submit their applications and ideas as soon as possible.

Sprouters take W.I.N.G.S. in Bradford

From right, Cathy Nesbitt at Jan. 30 meeting of W.I.N.G.S. and HEROS, with Dagmar Schoenrock (Mrs. Greenjeans Plants Seeds), Diane McGee - founder/director of W.I.N.G.S. Bradford, Marne Robertson (Mary Kay) and Karen Dorian.

Cathy Nesbitt is best-known as Bradford's "Worm Lady." Her home-grown business, Cathy's Crawly Composters, sells vermicomposting kits, that use red wiggler worms to turn organic waste into gardeners' "black gold."

But she is also "The Sprouter Lady" - selling Super Simple Sprouters that can be used at home to generate safe, nutritious and delicious sprouts. "Sprouts are superfood," Nesbitt says. "They contain vitamins, minerals, protein fibre. Sprouts are hydrating, alkalizing, regenerative, biogenic, as well as a digestive enzyme."

Nesbitt was the Mentor in Motion at the Jan. 30 meeting of

Bradford's W.I.N.G.S. and HEROS, providing an update on the joys of simple sprouting - and samples of sprouted chick peas, mung beans and lentils.

W.I.N.G.S. (Women in NetWeaving Growing Strong) meets at Don Cherry's Sports Grill in Bradford at noon on the last Thursday of each month. W.I.N.G.S. provides an opportunity for women entrepreneurs and business owners to get together, and share business mentoring and life skills in a supportive atmosphere. They are joined by HEROS, trusted and ethical male business entrepreneurs, who share their goals and interests.

Micro-Works Major Curling League in action

Micro-Works Major Curling League **Game of the Week** for January 28: Andrew Thompson (Comco Canada/Dr. Chris Scheil-Optometrist/Ray's Driving School) - 6, Don Campbell (J.C. Salmon Charters/Datalogic) - 3. Well-played game by both teams, with Thompson taking three in the 5th End to jump into the lead. J.C. Salmon Charters clawed their way back, and had the tying stones in place in the 8th, only to have Comco skip Thompson execute a clutch freeze to take the end away and block the comeback. Thompson is alone in 1st place in the standings with 12 wins, 1 loss. Campbell is 5 and 8.

Phil Loevenmark (Dominion of Canada Insurance Co./Bunn-o-matic) - 6, Cory Heggestad (Moen Sports Technologies/Cyncor) - 1. Heggestad has 7 wins, 6 losses. Loevenmark is 6 and 7.

Bill Irwin (Shot Rock Shop) - 7, Ken Leach (ReThredz) - 6. Irwin holds 2nd in the standings with 11 wins, 2 losses. Leach has 8 wins, 5 losses.

Gregg Truscott (Blue Cross/Moen Sports Technologies) - 6, Willie MacPherson (BMC Construction/A.McAfee & Associates Insurance Brokers Ltd.) - 5. Truscott has 7 wins, 6 losses. MacPherson is 6 and 7.

Gayle McKenna (Paul Sadlon) - 6, Heather Graham (Cal's Gals-Cal Accounting) - 5. McKenna has 8 wins, 5 losses. Graham has 5 wins, 8 losses.

Jennifer Allan Roy (Roy's Enterprise) - 7, Sarah Picton (The Peckers-Comco Canada) - 2. Roy's Enterprise has 3 wins, 10 losses. The Peckers have 4 wins, 9 losses.

Bob Dumond - 5, Bob Armstrong (Caestonstone Canada) - 4. Armstrong has 4 wins, 9 losses. Dumond is 2 and 11.

Al Irwin (Saputo Bakery Inc./Roy's Enterprise) - 6, Al Corbell (Calcia Calcium) - 3. Both teams have 8 wins, 5 losses.

The League plays Wednesday nights at the Stroud Curling Club in Infil. The public is welcome to attend and watch the curling.

Junior Bonspiel at the Churchill Curling Club

Curling is attracting more and more young curlers around Simcoe County. On February 1, the Churchill Curling Club, located in the hamlet of Churchill in Infil, hosted a Youth Bonspiel. Six teams participated - two from Elmvalke, 2 from the City of Barrie, one from Bradford, and a home team from the Churchill club.

Organized by Bob and Monique Dewar, the Spiel was played by OCA rules, but permitted coaches on the ice - "Just to help with shot selection, not to tell when to sweep or not to sweep. That's up to the Skip!" said Bob Dewar. The young curlers played two 8-end games, with points going to the winners of each game - and Elmvalke took home the Trophy. Bradford's team (seen at left, Evan, Cameron, Scott and skip Connor) placed 2nd.

Bradford Curling Family Open House

The Bradford Curling Club welcomes curlers to a Family Day Open House, Saturday, February 15 from 10 a.m. to 4 p.m. Drop in for free instruction in the great sport of curling - all equipment provided. Just bring clean shoes, for on-the-ice action. Refreshments will be available upstairs in the clubhouse.

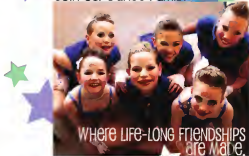

The Open House will be followed by a Jitney - an informal bonspiel. For more information see www.bradfordcurlingclub.ca or call 905-775-6355.

Free Ice Fishing Seminar in Innisfil

The Town of Innisfil hosts a free Ice Fishing Seminar on Tuesday, February 18 from 7 to 8:30 p.m. at the Innisfil Town Hall. Learn the basics of ice fishing with pro Wil Wegman. The seminar is free, and open to all ages, but please bring a donation of non-perishable food for the Innisfil Food Bank. Wil Wegman is an avid ice

angler and award-winning outdoor writer from Bradford - member of Team Canada at the 1991 Canadian Ice Fishing Championships, winner of the 2006 Perch Trap Attack on Simcoe - and of the Inaugural Perchlin for MS event on Lake Simcoe. His courses on Ice Fishing have been popular at Georgian and Seneca

Colleges, over the past 20 years, and he has also offered numerous ice fishing seminars across the province. The seminar will begin with Ice Safety Fundamentals, then focus on fishing Lake Simcoe: how to catch more yellow perch, northern pike, whitefish and lake trout this winter, and how to adapt techniques to ensure success.

Fishing for Tyler

The 10th annual Fishing for Tyler ice fishing derby takes place Saturday, Feb. 22, at the Innisfil Beach Park boat launch - a fundraiser for Tyler French, an Innisfil teen struggling with Autism. Register beginning at 6 a.m.; weigh-in by 1 p.m. Prizes for the biggest fish by length. Cost to register is a minimum donation of \$10. Kids under 16 are free - but donations are welcomed. Also, fundraising BBQ.

Key projects unlock development

PROJECTS, from Page 2

treatment plant."

The Director was asked about other planned infrastructure projects in Town. Mukherjee said that projects like the Melbourne Drive widening will be going ahead, but were not included in the presentation, because they have no impact on servicing of the Hwy. 400 lands.

There were questions over the public process, and input into the designs. "Are we a little premature in having the designs for the new interchange?" Deputy Mayor Rob Keffer asked.

"Do we have a signed contract with the County of Simcoe and Ministry of Transportation for the 5th Line Interchange?... Who acquires the land - MTO or the Town?"

Mukherjee noted, "It's very difficult to have a conversation with the public" before details are available, including proposed elevations, cross-sections and the need for land - all of which are part of the design. Public input usually comes when design is 30% complete, he said.

It is the Town that will manage the interchange project, and the Town that will acquire the land needed, although the MTO will be the ultimate owner of the interchange, and will provide added engineering expertise. As for costs, the MTO has committed \$17 million, in Federal and Provincial money. While federal dollars can be used for land purchases, there is no bar to provincial dollars being used to pay for property acquisition, Mukherjee said.

Town Manager Jay Currier confirmed that about \$52 million in funding has been approved - roughly \$17 million from MTO, \$17 million from the County, \$17 million from the Town, to be paid by the developers. MTO has said \$52 million is adequate for the interchange.

Councillor Gary Lamb questioned the planned realignment of Sideroad, asking why the design cuts through agricultural land, and doesn't use existing roads and rights-of-way to reduce both impact and cost.

Councillor Ron Simpson suggested that the engineering firms were asked to look at other options but didn't, during the Environmental Assessment - and called for an amendment.

Mukherjee agreed that an amendment that has "less of an environmental impact" might be approved, but bottom line, he said, "It would require us to go back to the Ministry to seek approval, and it would not be a quick process."

The design RFP for the design was based on the Environmental Assessment; to make changes would also mean that the design would have to be put on hold, and costs renegotiated.

"We're too far along," Simpson agreed. "I guess Council failed 5 years ago. They should have refused that design."

Deputy Mayor Rob Keffer, long-time opponent of the interchange, was in favour of stopping the process. "There are a lot of us that are very uncomfortable with the way the EA went

through," he said, noting that work in the flood plain was approved that would have been rejected if it had come from a private developer. "It just boggles my mind how these EA's go."

"We would have to stop our design consultant at this point," Mukherjee warned. "We have been going full tilt assuming that the delivery of this project is a very, very important piece of this puzzle."

"I'm not suggesting we change the bridge design - just a road that we own (SSR)," protested Councillor Lamb. "It's not doing anything with on-ramps, off-ramps. It's our road."

"The reason that road is being realigned is because of the interchange," Mukherjee said. Also debated: the option of "Developer Assisted Projects," partnering with Bond Head Properties Inc., to help lighten the workload on Mukherjee's relatively small department. In addition to the 5 capital projects outlined, a pumping station on private land at the 400, and a new main and sewer service line to connect to the Town's mains on the 5th Line are needed.

"That pumping station is a critical piece of infrastructure," Mukherjee said - proposing the Town should accept the offer of assistance from BHI for that and other projects worth \$500,000, to be delivered in 12 to 18 months by 1 or 2 years.

"We believe this strategy can help us," he said, noting the Town would retain oversight, "finding that balance between getting some assistance from them while maintaining... quality control." Several Councillors were reluctant to accept help from the developer, even when assured "it wouldn't cost a dime."

"The engineering firms we hire should do that," said Councillor Simpson. "There are other firms out there that we can go to look after these projects." Councillor James Leduc agreed. "I can't believe we're going to go to the development community for help," Leduc said, asking if there were any "strings" attached.

"They indicated to me that there will be no cost," Mukherjee said, which was confirmed by a BHI representative.

"The sooner the land is serviced, the better for them. The sooner the land is serviced, the better for us," agreed Mayor Don Whitte, noting "it is in our best interests" to get the employment lands serviced "at the earliest possible time. It's not at all a surprise to me that they are interested in doing this."

Councillors initially referred the issue to staff, and asked for a further report on the implications of "developer assistance," and the alternatives, to complete the infrastructure "in a timely manner."

Respect withdrawn

In Council on Feb. 4, Councillor Carl Hordyk withdrew his request to continue to sit on the BWG Heritage Committee, "given the mixed reputation." Instead, he reiterated his support for the appointment of Surjit Singh "100%."

Henderson Park Master Plan Workshop

The Town of Bradford West Gwillimbury has announced that the next stage of the Master Planning project for a new Henderson Community Park at the 9th Line and Sideroad will be a Design Workshop, taking place from 7 to 9 p.m. on Tuesday, February 11, in the Zima Room of the BWG Public Library. The goal of the Workshop is to further enhance and develop design concepts identified during the Visioning Workshop held November 2013. The Project Consultant, Dillon Consulting will be presenting an overall concept, and will be seeking public input into potential activities and uses for the areas of the park.

Interested community members are invited to attend, and can view information and find updates for this project online at <http://hendersoncommunitypark.weebly.com>
